How to pay by manual bank transfer

Follow this advice to avoid delays or other problems with your transfer.

- Be ready to log in or go to your bank to pay.
- Pay from a bank account in the same name as your Wise account: Ayik Abdillah.
- Make a local payment — not an international one. We'll give you our IDR bank details.
- Pay for your transfer using a Bank account. Payments via e-wallets will be rejected.
- Pay the exact amount required for each transfer. Combining payments for multiple transfers will cause them to fail.

Make the payment
via your bank

Use your bank to make a payment to Wise

Make a local IDR payment — not an international one — using the details below.

Details you'll need to make this transfer

Wise's bank in Indonesia is Bank Sahabat Sampoerna. By making the transfer to our local bank account we are able to save you money. When transferring money on your bank's app or website enter the following information in the recipient fields.

Beneficiary's Bank name

Bank Sahabat Sampoerna

Payee name

Wise

Amount to send (IDR)

1,176,152

Account number (IDR accounts only)

This account number is unique to you. Please do not share this with anyone — they won't be able to transfer money to you with this account number.

I've made my bank transfer

I'll transfer my money later

1. Open your bank's mobile app.
2. Copy the necessary transfer details from the Wise screen into your bank's app.
3. Make the manual transfer.
4. After completing the payment, return to the Wise app and click the **"I've made my bank transfer"** button.

Please note that **the amount to send should be the same as you sent to Beneficiary's Bank**

AS FOR EXAMPLE HERE
IDR 1,176,152 should be sent exactly to Bank Sahabat Sampoerna using manual transfer from your Mobile Banking App or ATM nearby.

If you send a different amount, it will cause a mismatch, and the payment will not be processed successfully
